Old Business

New Business

- The State of Colorado Emergency Planning Commission has published their 2012 Annual Report. Their summary lists 21 hazardous material spills in Mesa County in 2012.
- Rex Davidson with Enterprise Products informed the group that the Snelson Company will be working in three locations in NW Colorado installing a new gas pipeline. GJ Regional Dispatch has coordinated with the company, identified landing zones, and clarified scope of work and other emergency hazards.

PRESENTATION: Craig Meyers, EPA Region 8 On-Scene Coordinator, reviewed EPA's response and clean-up following the West Creek tanker truck incident near Gateway last January. He discussed how EPA's response teams work together with local emergency response agencies. Thank you for a great presentation!

Cray Valley provided lunch. Thank you!

A motion for adjournment was made by Jim Pringle and seconded by Brock Curry at 1:05 pm.

Next meeting will be Thursday, August 8th at the Red Cross Building.
